

Vicki Daniels

Thanks so much for installing my APCO air cleaning system. It has been very helpful. It seems to purify the air and eliminate all odors. I live in an upstairs apartment and my neighbor is a very heavy smoker. I was running out of luck trying to find something to help.

Mr Keith Hertel was my installer and he fully explained the system. Mr Hertel was very friendly and ensured everything was working properly.

I would recommend the APCO air cleaning system and Mr Hertel too!
